BILLING UPDATE: EFFECTIVE JANUARY 1, 2012

TO OUR VALUED PATIENTS:

The West Clinic recently announced its new partnership with Methodist LeBonheur Healthcare effective January 1, 2012. The West Clinic's goal has always been to help patients be the best they can be during their cancer journey, and this partnership will help us do exactly that. The West Clinic is joining forces with Methodist Le Bonheur Healthcare, the largest health care system in the Mid-South, to create a fully-integrated, comprehensive cancer program that will be second to none in this community.

With this new partnership, changes in billing will occur. For services provided on or after January 1, 2012, billing will be handled by The West Clinic or Methodist Health Care depending on the service provided. You may receive statements from one or both organizations for the services rendered.

As we make the transition to the new partnership, we are working with each insurance plan individually to negotiate a smooth and seamless process that minimizes change in co-pays. We have not reached finalized agreements with all insurers. We will offer more complete information as soon as it is available.

If you have questions, please call the phone number on the respective statements you receive and a billing representative will assist you with questions regarding your account or claim.

Sincerely:

The Physicians of The West Clinic

PAST AND PRESENT, WE'RE GIVING MORE PEOPLE A FUTURE.
